

## | Overview

- d6 group has operated in the school management and communication space since 2006.
- We are the market leader in Southern Africa, with more than 2500 schools and 3 million parents using our solutions.
- The offering has significantly improved school management and communication across Southern Africa.
- Our core focus is to develop well-managed schools and to increase parent and stakeholder involvement through our communication platforms.

## | Highlights

- Currently serving more than 2500 schools in South Africa and abroad.
- Over 3 million parents engage with our communication platform on a daily/monthly basis.
- Team consists of around 90 staff with a strong focus on customer success, technical expertise, and regional support and engagement.
- Operating in around 13 countries internationally and expanding our international footprint.
- A wide range of integration partners through our established APIs to offer a holistic solution.
- We have a partner network to support customer onboarding, training, and change management.
- Thorough understanding of compliance within schools and flexible reporting, ensures alignment with Department of Education (DoE) departmental requirements.

## | Offering Benefits

- **Improved School Management:** Our cloud-based d6 School Management System simplifies all school-related administration, curriculum, financial, and communication management.
- **Real-time Data and Reporting:** Our solution helps make informed decision at both school and departmental levels, that aligns with DoE reporting templates.
- **Comprehensive Communication Platform:** The d6 School Management System includes a robust communication platform that can be used by both DoE and schools to engage with all stakeholders (DoE officials, teachers, parents and learners).
- **Data Interoperability and Integration:** One of our key strengths lies in our ability to seamlessly integrate with a wide range of partners and other software providers.
- **Change Management and Support:** We strongly focus on the onboarding and change management process for the DoE and its schools and ensure that we provide continuous support.

► We have developed a communication platform enabling schools to manage all communication within a single platform. Send communication such as:

- Images and Videos
- Reply slips
- Polls
- Files and more

► Our school management system helps to lighten the workload, minimise duplication of work and improve the accuracy of school data. Manage day-to-day school:

- Administration
- Curriculum
- Finances

Receive real-time updates and notifications from your subscribed school communities, directly on your smartphone.

Empower your parents with this free and user-friendly App

All information is available in the palm of your hand

One App for all school files, resources and images

► Use the system to monitor school health with dashboards for:

- Learner & Teaching Health
- Behaviour & Social Health
- Leadership & Management Financial Health
- Parents & Community Health
