- Navigating new cities and cultures
- Building connections across the world
- Immersing in dynamic global societies
- Exploring complex subjects such as sustainability and AI through labs

PAST & CURRENT ROTATION CITIES

Our Academics

Small Dialogue-Based Seminars

- Engage in lively classes with ~20 students
- Learn from faculty trained in our active learning pedagogy for the most effective learning
- Gain skills that prepare you for interdisciplinary problem-solving
- Attend classes on a live virtual platform

Interdisciplinary Project-Based Learning

- Apply academic knowledge and skills to impactful real-world projects
- Benefit from city-based partnerships and assets around the world
- Find opportunities in, and outside of, academic fields of study
- Enables project integration with student interests and career pathways

EXPOSURE

Meet new people, discover new places, and get a whole new perspective relevant to each city.

ENGAGEMENT

Collaborate with peers, challenge ways of thinking, explore site-specific issues, and come up with actionable solutions.

IMMERSION

Develop an appreciation for different cultural and political contexts by living in diverse global cities. Deepen understanding of important issues by connecting with local people and organizations.

IMPACT

Get involved with real-world projects, initiatives, and organizations. Use practical knowledge to develop realistic solutions to the world's greatest challenges.

Majors & Concentrations

MAJORS

AH
