

# 10 ways to Participate in SAFEttober

## Take an online school safety course or attend a webinar.

Safe Schools has a series of online programs at [portal.safeschoolsintl.com](https://portal.safeschoolsintl.com)

## Join a Online Safety Community.

To learn and network. Safe Schools has a School Safety Hub that is rich with resources and free for schools and families at [portal.safeschoolsintl.com](https://portal.safeschoolsintl.com)

## Social Security

Activate 2-factor authentication on your email and social media accounts. This helps keep your accounts safe and prevents hackers from gaining access

## Visit Child-Friendly Websites

Identify all the sites your children visit and educate them on child-friendly sites. You can sign them up for digital citizenship on the common sense education website.

## Write a Safety pledge.

Share it and get others to memorise and recite it!

## Appeal to your creative side.

Design a poster on key safety trends and matters affecting your community today.

## Record a video or podcast.

With the aim to create a means for open dialogue and information sharing on key safety trends and matters affecting your community today.

## Say NO to bullying

Get children to research and write an essay or presentation on Cyberbullying: This will equip children with the knowledge of bullying and learn to protect themselves and others who may be at risk.

## Become a Mental Health Champion and help save lives.

Safe Schools has a series of online mental health trainings you will find helpful.

## Become a COVID-19 Compliance Champion.

It is easy to forget the rules and get complacent. As a Champion, you can help correct people and put things right!
